**Turtle X**  
Pat.  
For light HDV-cameras

Congratulations on your new Turtle X

Turtle X is made by Easyrig for cameras up to 4 kg/8.8 lb and specially designed by a photographer for serious photographers. Turtle X is manufactured in Sweden and has been ergonomically tested with optimal results. Turtle X will be your best tool when you do sport events, documentaries, news, yes, any occasion where handheld camera is required.

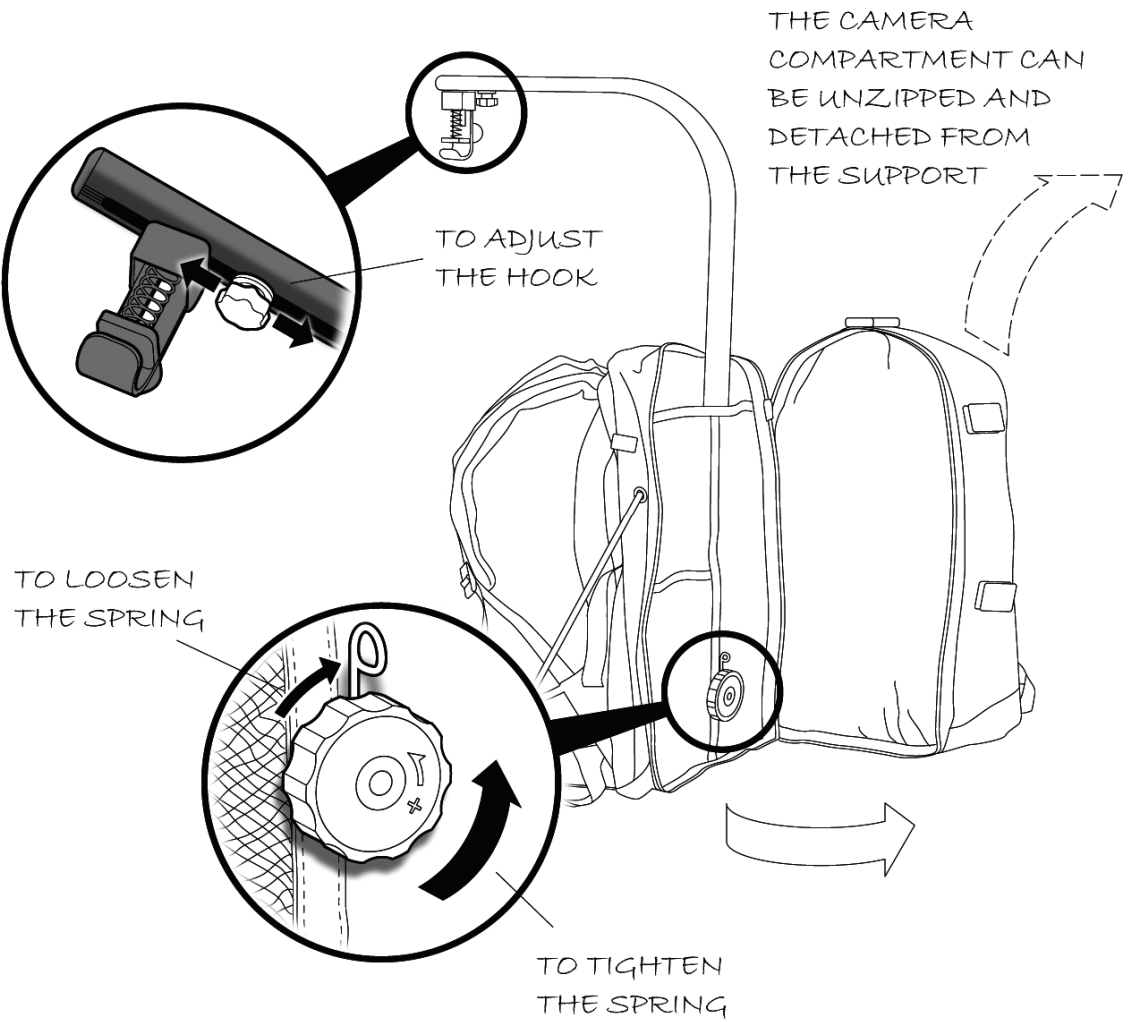

Turtle X gives the advantages of both handheld camera and tripod camera; i.e. with the speed and mobility of the handheld camera you can still achieve steady pictures. Turtle X relieves your back and shoulders. The load is redistributed to the hips so that you can concentrate on the actual filming. You won't suffer from a strained back or shoulders as you would from normal handheld shooting and you will be able to work for longer periods of time.

Please send us the warranty card.

HAVE FUN !
