

Congratulations on the purchase your new Easyrig Shoulder Mount

Work hand-held as if you were on sticks

The Easyrig Shoulder Mount will quickly become your most valuable companion no matter whether you are shooting news reports, documentaries, commercials, corporate or sporting events.

The Easyrig Shoulder Mount offers the flexibility and mobility of operating hand-held whilst retaining stability and control and is ideal for DSLR and other small video cameras.

Designed in Sweden for Professionals

The Easyrig Shoulder Mount is designed for professional camera operators by Johan Hellsten, inventor of the Easyrig and Swedish TV cameraman. The Easyrig Shoulder Mount with its dual handles and shoulder pad allows for greater operational comfort and freedom of control.

Top class accessories as standard

The Easyrig Shoulder Mount kit also includes an articulated arm for mounting a monitor and industry standard 15mm rods for mounting accessories such as a matte-box and follow focus.

Work for longer in comfort

The Easyrig shoulder Mount is fully compatible with the Easyrig Mini system and offers increased comfort of operation. The Easyrig Mini redistributes the weight of your rig over your shoulders and hips, providing relief for tired backs, shoulders, arms and neck and allowing you to concentrate on filming and working for longer periods of time.

With The Easyrig Shoulder Mount your shots will be rock steady!

HAVE FUN !

Cameraman/Inventor
Easyrig AB

Cheese plate for choosing position of the camera.
The cheeseplate also allows you to have different
position of the camera handle and shoulder mount:
1/4"

Microphone or lamp
mount 1/4"

Together with the
Easyrig Shoulder
Mount you will have
an articulated arm 6"

Camera handle ad-
justment. Spare part
key to adjust position
of the handle mount.

High adjustment knob
for the camera handle.
The handle holder itself
can also be moved on
the cheese plate.

Easyrig Shoulder Mount Warranty Information card

Please mail within 30 days of purchase.

Manufacturers products are warranted to be free from defects caused by faulty materials or workmanship for a period of two years from the date of purchase. The liability of the Manufacturer under this warranty is limited to repairing, replacing, or at its option issuing credit for any of its products which are returned by the purchaser during such period provided, however, that:

- A. Warranty card is properly filled out and returned to Manufacturer within 30 days of purchase.
- B. Warranty is valid when the used camera weight less then 10 kg (22 lbs).
- C. That such defects exist and have not been caused by abuse, misuse, neglect, improper installation or assembly, repair, alteration or accident.
- D. Defective merchandise is returned to manufacturer accompanied by a report of findings indicating the basis of/for rejection and with transportation charges paid by the purchaser.

In no event shall Manufacturer be liable for collateral or consequential damages of any nature.

This warranty is in lieu of all other warranties expressed or implied.
